REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest a suture forming device having a removable suture wire cartridge having a wire guide, a portion of the wire being exposed in the guide and a drive mechanism disposed in an opening in the cartridge so as to contact the exposed wire and move the suture wire through the instrument. Further the prior art fail to suggest a suture forming device having jaws at the distal end thereof, including a device for rotating the jaws relative to the housing to twist portions of the suture wire together so as to secure the suture to the tissue.

For these reasons the claims are believed to be allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
